#### **Float Loan Activities & Description:**

In accordance with 24 CFR 570.301 the City may use undisbursed funds in its line of credit and its CDBG program account that are budgeted in action plans for one or more other activities that do not need the funds immediately. Such funds are referred to as the "float" for purposes of this section and the action plan. The City intends to use its "float" to provide support for Economic Development and Historic Preservation activities to promote and strengthen the economic base and the business climate through the creation and retention of jobs for low and moderate income persons.

The City has not yet decided on the specific location of the float funded activities to be undertaken. For activities for which the City has not yet decided on a specific location, such

as when the grantee is allocating an amount of funds to be used for making loans or grants to businesses or for residential rehabilitation, 570.301(a) provides that the description in the action plan or any amendment shall identify who may apply for the assistance, the process by which the grantee expects to select who will receive the assistance (including selection criteria), and how much and under what terms the assistance will be provided. Accordingly, the following information is provided:

Who May Apply: Eligible private for profit businesses or other entities who intend to undertake eligible Special Economic Development Activities as authorized and described at 24 CFR 570.203 or eligible Historic Preservation Activities outlined at 24 CFR 570.202(d) and who meet the following float loan application threshold requirements:

**Float Loan application threshold requirements:**

The minimum threshold application requirements for the CDBG Float Loan Program include, but are not limited to, the following:

Float Capacity: Is an estimate of the total CDBG Float Funding available to the City. As CDBG program income is received float capacity goes up; as CDBG expenditures are incurred for budgeted activities float capacity goes down. The City's present float capacity is approximately \$.5 million. The City will consider no float funded activities or applications that may cause it to exceed its estimated float capacity.

Minimum Loan Amount and Maximum Loan Term: Because of the high cost of underwriting and processing loans, HUD guidelines recommend that the minimum commercial float loan should be at least \$100,000.00. The maximum term of any CDBG float loan is 30 months (2.5 years).

Job Creation Requirements: Applicants must demonstrate the ability to create or retain at least one full-time equivalent, permanent job per \$35,000.00 in the aggregate and/or \$50,000.00 per project of CDBG funds used during the term of the loan. At least 51 percent of the jobs must be held by, or made available to, low and moderate income persons as defined by HUD.

Irrevocable Letter Of Credit Requirements: The City hereby declares that a letter of intent from a commercial lender must accompany the application which states that upon approval of assistance by the City of Birmingham a direct pay irrevocable letter of credit for the full amount of the float loan principal and interest will be issued in favor of the City. To qualify for this purpose, such letter of credit must be unconditionally available to the City in the amount of any loan principal and/or interest approved for the full term of the loan. This requirement is non-negotiable.

Application Information: Upon meeting minimum threshold requirements, applicants may obtain an application which includes all HUD required guidelines for evaluating and

selecting economic development projects. Applications for assistance are accepted Monday thru Friday at the Office of Rev Birmingham, 505 20<sup>th</sup> Street, North, Suite 150; Birmingham, AL 35203; phone 324-8797 or at the offices of Main Street Birmingham; One 55<sup>th</sup> Place South; Birmingham, AL 35232; phone 595-0562.

Selection Criteria and Approval Process: All applications will be reviewed in accordance with the CDBG underwriting guidelines listed in Appendix A to 24 CFR Part 570 as well as the guidelines outlined at 570.209 copies of which are available for inspection in the City's Community Development Department. Additionally, all applications must be approved by the Mayor, Birmingham City Council and U.S. Department of Housing and Urban Development prior to the disbursement of funds.

Float Loan Program Income: In accordance with 570.301(b) (3), unlike other projected program income, the full amount of income expected to be generated by a float-funded activity must be shown as a source of program income in the action plan containing the activity, whether or not some or all of the income is expected to be received in a future program year. The City has reflected the full amount of program income expected to be generated by float loan activities as a source of income in subpart III-2 Federal Resources of the Action Plan and expects all of the identified float loan program income to be received in a future program year. Also, in accordance with 570.301(b)(5) all float loan program income expected to be received from a float-funded activity which was shown in a prior year Action Plan has been identified in this Action Plan in subpart III-2 Federal Resources of the Action Plan. The planned use of said program income was described in Subpart III-2 in all Action Plans submitted by the City within 30 months (the maximum float loan term) preceding the submission of this Action Plan. All expected sources of funds including expected float loan program income were fully budgeted for the program purposes described in HUD Table 3C-Summary Project listing of those Action Plans.
